Graphic Artist Innovator - MRA Strategy Communication Team

Project Title	Graphic Artist Innovator - MRA Strategy Communication Team
Summary	Help the Information Resource Management (IRM) Mobile and Remote Access (MRA) team create amazing motion graphic videos topics that are important to Department of State employees!
Country	United States

Project Description

The MRA strategic communications team is looking for motion graphic artists to design and create visual presentations for Department of State employees. Duties include the design and development of motion graphic and video presentations that convert new concepts and projects into easily digestible videos.

This work is intended to be shared to more than 100,000 Department employees who use MRA's mobile and remote products. Must have access to media editing or animation software (VideoScribe, PowToon, iClone,Premiere, Photoshop, After Effects, Final Cut, etc). Software will not be provided for you.

Skills Required:

- -Design and create motion graphics that communicate information, concepts and systems.
- -Intermediate knowledge of animation production techniques and adherence to the principles of animation.
- -Work closely with team members to collaborate and communicate effectively and professionally.
- -Grasp of design, motion, and color.
- -Time management and organizational skills.
